

My Experience at Star☆Child Academy

I think Star☆Child Academy is a great school and I'm glad that I went there. It's a fun school and all the things I learned over the years is so amazing. Star☆Child is not only fun, but also gives kids a great education. I love all the teachers and I'm going to be really sad on the last day, because it will be the final day (maybe) I will be there.

Star☆Child changed my life because I had so much fun everyday that I went to school. I also know that if I didn't go to Star☆Child, I wouldn't know as much as I do now. The things that were fun in school were P.E. and all the activities we got to do inside and outside the classroom. I actually learned things that I never thought I would learn.

I know that Star☆Child is a great place and there are many more things that we could learn, but we have to move on. I will miss all of my teachers and the school a lot. But if Star☆Child adds more grades in few years from now, I know I'll go back. I would definitely recommend Star☆Child Academy to any child willing to learn and become a part of an amazing extended family.
