

StarChild Academy Tennis Program

Brought to you by

Sweetwater

Group lessons with top level certified tennis professionals. Classes are designed to be fun and exciting so students develop a love for the sport of a lifetime while they learn, improve their overall physical fitness, have a blast and make new friends.

We will provide racquets for use during the program at StarChild. However, children are encouraged to bring their own to class and to practice at home. If you would like to purchase a racquet we will provide a premium junior racquet that best suits his or her age, strength, and ability. Just add \$25 (tax included) to your check.

We also offer after school tennis programs 3 days a week at the club just a half mile away. StarChild students who miss a class for any reason may attend a class at the club as a make-up free of charge.

Pre K
Tuesdays
1:00 pm—2:00pm
